CLOSER TO LIFE

MALE RECTAL EXAMINATION TRAINER
STANDARD & ADVANCED

This brand new trainer offers realistic, repeatable training in the core skill of digital rectal or PR examination.

Both models offer a contractible anal sphincter, allowing for anal tone assessment and a faecal impaction clip in module.

The **Standard** model focuses on learning core rectal nursing procedures and excludes the pathologies.

The **Advanced** model comes with a range of prostates and 2 perineums, allowing trainees to become familiar with normal and abnormal findings and acquire key diagnostic skills.

External ano-rectal illustrations are ideal for incorporation into scenarios and OSCE assessments.
